Sir,

I find that our Ingot and Clipping boxes have the following dimensions in the Clear:

	length	breadth	depth
Ingot boxes	15 in.	9½ in.	6½ in.
Clipping boxes	17 in.	13 in.	7½ in.

These last are too small for an ingot of 17 inches length, because there should be a space at one end of one or two inches in order to lift them.

Respectfully yours
